**Aurora Managed Services appoints Victoria Peters  
as Finance Director**

**LONDON, 13<sup>th</sup> November 2025: Aurora Managed Services ('Aurora'), today announced the appointment of Victoria Peters as Finance Director.**

Victoria Peters has over 20 years of experience managing and leading Finance operations across multiple sectors of media, property, private equity and managed services. With previous directorships at national organisations and significant first-hand experience of assisting and managing company acquisitions and migration of businesses, Victoria will play a key role in Aurora's growth strategy.

Aurora's Chief Executive Officer, Martin Oxley said: "It's brilliant to have Victoria on board with us, her previous experience makes her a fantastic addition for us moving forward. Her experience and knowledge will be crucial as we drive future acquisitions and accelerate growth, and the dedication she shows to nurturing and leading her finance team will help develop our people. With an instinctive focus on customer experience Victoria is a perfect fit for Aurora and the senior leadership team and the exciting future we have planned."

Victoria Peters commented, "I'm really excited to move into this new position at Aurora, it's a great opportunity to work with some talented people who have great ideas and new approaches to the industry. Aurora's commitment to its customers and forward-thinking approach is amazing to be a part of, the growth strategy is strong and ambitious, and I can't wait to get started."

Ends.

### **About Aurora Managed Services**

Aurora Managed Services provide pro-actively managed workplace technology and support to organisations nationwide, helping them to optimise the performance and productivity of their staff and technology, and become more efficient, agile, secure and sustainable.

Our technical expertise spans all aspects of print and document processes, managed IT services, workflow automation and AI, and business telecoms and workplace technology.

One of the UK's leading independent providers of managed services, Aurora provides tailored solutions which combine the best hardware and software technology from market leading manufacturers with Aurora's pro-active managed service delivery.
